What is this study about?

We are interested in the effects of a ride-on toy car on children's mobility, socialization and development.

Who can participate?

- Children 12 months to 3 years old.
- Children who are not able to crawl or walk independently.

What is involved in participation?

Willingness to:

- 1) Play with your child as he/she learns to drive a ride on car.
- 2) Have us visit your home to measure your child's progress.

When can we start?

Immediately. We're ready!

How much does it cost?

Participation in the study is **free**.

Where does the study take place?

At your house.

Who do I call for more information?

Hsiang-Han (Sara) Huang;

Christina Ragonesi
